

# MINIMATE

**Minimate is the ideal solution for Australian small animal parents, who want to do the right thing by their mini mate and the planet.**

Minimate is made from recycled pine that is super-absorbent and is purposely made to take care of any little mishaps. The natural oils in the pine act as a disinfectant and take care of those unpleasant odours. Ideal for rabbits, mice, guinea pigs and all kinds of birds, Minimate is the ideal natural, safe and environmentally friendly small animal litter.

*Litter for rabbit and guinea pig enclosures, bird cages and baby chicken pens.*
